

METRIC TO IPS POLYPURE® (PPn) TRANSITION COUPLINGS

TECHNICAL SPECIFICATION:

Material:	PolyPure® Natural Polypropylene
Weld Type:	Socket
Size Range: (Metric X IPS)	20mm x 1/2" 25mm x 3/4" 32mm x 1" 40mm x 1-1/4" 50mm x 1-1/2" 63mm x 2"

FEATURES:

- Creates a socket weld transition between Asahi/America's metric PolyPure® system and IPS (or "schedule") natural polypropylene systems
- Ideal for systems repair or expansion with Asahi/America PolyPure®
- Can be used in place of electrofusion coupler transition
- IPS side of coupling stamped to ensure correct installation
- Socket weld heater bushing kits containing both metric and IPS bushings available from Asahi/America as shown below

HEATER BUSHING COMBO KITS:

- Includes metric and IPS bushings, both male and female
- Available for purchase only
- Does not include heating paddle or tool
- Compatible with both hand socket and bench socket tools

COUPLING PART NUMBERS:

Size (Metric)	Size (IPS)	Part Number
20	1/2"	6329005
25	3/4"	6329007
32	1"	6329010
40	1-1/4"	6329012
50	1-1/2"	6329015
63	2"	6329020

HEATER BUSHING PART NUMBERS:

Size (Metric)	Size (IPS)	Part Number
20	1/2"	5799005
25	3/4"	5799007
32	1"	5799010
40	1-1/4"	5799012
50	1-1/2"	5799015
63	2"	5799020
