**Purchase Part Number 5830000**  
**Rental Part Number 9830000**

## Electrofusion Welder

|                            |  |
|----------------------------|--|
| <b>Size Range</b>          | All electrofusion fittings up to 48 volt |
| <b>Piping</b>              | Single wall                              |
| <b>Materials</b>           | PE, PP                                   |
| <b>Power</b>               | 110V                                     |
| <b>Dimensions</b>          | 16"x13"x13"                              |
| <b>Weight</b>              | 50 lbs.                                  |
| <b>Shipping Dimensions</b> | 48"x40"x24"                              |
| <b>Shipping Weight</b>     | 120 lbs.                                 |

### Features

- Barcode gun reads fitting label
- Safe and reliable fusion
- Tough thermoplastic housing that resists damage due to moisture
- Ideal for shop or field operation
- USB capability to download weld data

### Note:

- Requires couplings (see pages 24-25)  
Not for use with PVDF, EF/HPF couplings
- Rotational scrapers are included with all tool rentals
